Success Made Simple

You want your project to be completed **on time, under budget, and looking fantastic**. Accelerated Construction Company will get you there. We are a design-build general contractor and developer and we are committed to giving you a top-quality project that will meet your schedule.

We handle **all your project needs**—from pre-design services like site selection, due diligence and site acquisition, through engineering and architectural design, to complete construction and landscape architecture.

“Brad Hollett’s company completed five stores for my company with excellent results on every job.” David Webster, Core Surf & T’s

The Best in the Business

Accelerated Construction Company follows the rare practice of **limiting our use of subcontractors**. This means we have 100% control over every aspect of the job, which means **better quality control and a quicker completion time for your project**.

We excel in **high-tech systems** including special sprayed coatings, custom finishes, and radius construction.

Accelerated Construction Company employs experienced, licensed engineers and architects, and a pool of highly trained craftsmen, giving us the ability to **fast-track** design and construction to **meet critical deadlines**.

Another Successful Project

Because we handle your entire project **from conception to final inspection**, you have the advantage of a turnkey operation.
